

INSTALLATION INSTRUCTIONS | VC LGN Series: E26 Vintage RLM Gooseneck Luminaires

The important safeguards and instructions in this manual are not meant to cover all possible conditions and situations that may occur.

Note: Before attempting installation please refer to your local electrical code.

Refer to product label markings for environmental location (indoor and/or outdoor use).

IMPORTANT SAFETY INSTRUCTIONS:

- Read all the instructions before installation. **SAVE THESE INSTRUCTIONS FOR LATER USE.**
- Product should be installed by a Qualified Electrician.
- All electrical connections must be in accordance with local and National Electrical Code (NEC) standards. If you are unfamiliar with proper electrical wiring connections, obtain the services of a qualified electrician.
- Before starting the installation, make sure all electricity has been turned off and electrical breaker has been locked out and tagged out. Turning the power off at the light switch is not sufficient to prevent electrical shock.
- Product must be grounded to avoid potential electric shock and any other potential hazards.
- Product must be mounted in locations and at heights and in a manner consistent with its intended use, and in compliance with National Electrical Code and local codes. Use of accessory equipment is not recommended.
- Do not mount near gas or electric heaters.
- Equipment should be mounted in locations and at heights where it will not readily be subject to tampering by unauthorized personnel.
- **WARNING: RISK OF SHOCK**
 - Turn off the power at fuse or circuit breaker box before installation or maintenance work.
 - Wear rubber soled shoes and work on a sturdy wooden or non-conductive ladder.
 - Ground the fixture to avoid potential electric shocks and to ensure reliable starting.
 - Double check all connections, making sure they are tight and correct.
- **WARNING: RISK OF FIRE**
 - Most dwellings built before 1985 have supply wire rated at 60°C
 - Supply conductors (power wires) connecting the fixture must be rated at minimum of 90°C
 - Consult a qualified electrician before installation
- Installing contrary to instructions may cause unsafe conditions.
- If the product has any visible damage do not install it.
- To avoid hazards to children, account for all parts and properly dispose of all packing materials.
- Call the Technical Support department at ConTech Lighting with any installation questions: 847.559.5500.

INSTALLATION INSTRUCTIONS | VC LGN Series: E26 Vintage RLM Gooseneck Luminaires

The important safeguards and instructions in this manual are not meant to cover all possible conditions and situations that may occur.

Note: Before attempting installation please refer to your local electrical code.

Refer to product label markings for environmental location (indoor and/or outdoor use).

INSTALLATION

- Ensure E26 Lamp Base Assembly is securely applied to Shade; tighten Upper Shade Nut if necessary
- Route Wires through Gooseneck
- Apply Teflon™ Tape to threaded end of Gooseneck
- Screw threaded end of Gooseneck to Light Engine Shade Nut
- Place gasket in Wall Flange
- Loosen set screws
- Insert other end of Gooseneck into Wall Flange
- Tighten two (2) Set Screws with included Hex Key
- Attach Wall Flange with Gooseneck Assembly to Junction Box
- Loosen Set Screws to adjust rotation (if needed), then re-tighten
- Apply power to Luminaire and test for operation
- Outdoor (Wet Location) installations require RTV Sealant
