

CYL6 SERIES | 6-Inch Round Indoor/Outdoor Cylinders: Dimming Specifications

DIMMING SPECIFICATIONS

- Incandescent 120VAC Dimmers adjust the light with forward phase control, where the dimmer “chops” the forward part of the AC wave to deliver less or more power to the light source; no neutral wire connection required
- Electronic Low Voltage 120VAC Dimmers adjust the light with reverse phase control, where the dimmer “chops” the back part of the AC wave to deliver less or more power to the light source; neutral wire connection required
- 0–10V DC Low Voltage Dimmers operate using two (2) low voltage dimming wires that are separate from the 120V or 277V AC power. The Dimmer sends a variable output voltage to the luminaire based upon the dimming level. 10V Corresponds to undimmed operation, 5V to 50% and so on. Switching on/off is controlled with the line voltage power input (120V or 277V AC) to the Dimmer and then dimming operation is controlled with the 0–10V DC low voltage wiring connection between the Dimmer and the Driver. The control signal runs on two low voltage control wires (color coded violet and pink/gray).
- Lutron EcoSystem Drivers provide continuous dimming from 1%–100%; for a complete list of compatible dimmers and controls, please visit www.lutron.com
- Use DALI approved controls for dimming option MVD7 (eldoLED ECOdrive, 1%–100%) and MVD9 (eldoLED SOLOdrive, 0.1%–100%) options.

			MVD Dimming Option 120V-277V Phase ⁷ /0-10V Dimming	MVD6 Dimming Option 120V-277V eldoLED ECOdrive 0-10V, 1% Dimming	MVD8 Dimming Option 120V-277V eldoLED SOLOdrive 0-10V, 0.1% Dimming

7. 277V Phase Dimming is not available

NOTES

- Testing was performed with a single fixture connected to dimmer.
- Testing has been performed on these dimmers, but this does not imply any warranty of compatibility.
- Dimming performance can be influenced by different loads, as well as variations in dimmer switches within the same model.
- Dimmer maximum load rating with LED may differ from published traditional source dimmer ratings. Consult manufacturer for maximum dimmer information.
- Consult factory for additional dimming information.
