

# TLT STRIP LIGHT SERIES | 24V RGB & Tunable White Connectors

## HARDWARE POWER CONNECTORS

### TLCIP24HWRGB

Hardwire Male RGB Power Connector

- Includes Wire Pigtail end and one (1) Male Flex Tape Connector end
- 24-Inches long
- Use with RGB Controllers, LED Power Repeater and DMX Interface Module
- For 24V TLT Series RGB Strip Light only

Power Connector
<b>TLCIP24HWRGB</b> 24-Inch Hardwire Male RGB Power Connector

### TLCOP24HWRGB

Hardwire Female RGB Power Connector

- Includes Wire Pigtail end and one (1) Female Flex Tape Connector end
- 24-Inches long
- Use with RGB Controllers, LED Power Repeater and DMX Interface Module
- For 24V TLT Series RGB Strip Light only

Power Connector
<b>TLCOP12HWRGB</b> 24-Inch Hardwire Female RGB Power Connector

### TLCIPHWTW

Hardwire Male Tunable White Power Connector

- Includes Wire Pigtail end and one (1) Male Flex Tape Connector end
- 12-Inches long
- Use with TW Controller and LED Power Repeater
- For 24V TLT Series Tunable White (TW) Strip Light only

Power Connector
<b>TLCIP12HWTW</b> 12-Inch Hardwire Male Tunable White Power Connector

### TLCOP12HWTW

Hardwire Female Tunable White Power Connector

- Includes Wire Pigtail end and one (1) Female Flex Tape Connector end
- 12-Inches long
- Use with TW Controller and LED Power Repeater
- For 24V TLT Series Tunable White (TW) Strip Light only

Power Connector
<b>TLCOP12HWTW</b> 12-Inch Hardwire Female Tunable White Power Connector

## LINEAR CONNECTORS

### TLCM RGB Series

RGB/TW Bridge Connector

- Blank section used to bridge gaps where LEDs are not necessary
- Use with 24V TLT Series RGB/Tunable White (TW) Strip Light only

Linear Connector
<b>TLCM2RGB</b> 2-Inch Connector for RGB/TW TLT Series Strip Light
<b>TLCM6RGB</b> 6-Inch Connector for RGB/TW TLT Series Strip Light
<b>TLCM12RGB</b> 12-Inch Connector for RGB/TW TLT Series Strip Light

### TLCFFRGB

Short Female-to-Female RGB/TW Connector

- Used to connect Male Strip Light ends when Strip Light is cut and two (2) Male ends remain
- Use with 24V TLT Series RGB/Tunable White (TW) Strip Light only

Linear Connector
<b>TLCFFRGB</b> Short Female-to-Female Connector for RGB and Tunable White TLT Series Strip Light

### TLCXRGB

RGB/TW Cross Connector

- Used to connect up to four (4) TLT Segments
- May be cut to create 2-way "L" connection or 3-way "T" connection.
- Use with 24V TLT Series RGB/Tunable White (TW) Strip Light only

Linear Connector
<b>TLCXRGB</b> Cross Connector for RGB and Tunable White TLT Series Strip Light
